Department of
Mathematics & Statistics

Visiting Assistant Professor in Computational Mathematics Position #1875

The Department of Mathematics & Statistics has an opening for a Visiting Assistant Professor in Computational Mathematics for the 2021-2022 academic year. The teaching load will be three courses each semester. Active research and service in the department are expected. Candidates must have or anticipate a Ph.D. in Mathematics or closely related field before August 1, 2021. Questions and informal inquiries may be directed to Dr. Clifford Smyth ([cgsmyth@uncg.edu](mailto:cdsmyth@uncg.edu)). To apply please send your letter of interest, CV, and list of references directly to mathstatsposition@uncg.edu. Please see the job posting of non tenure-track positions at UNCG at: <https://jobsearch.uncg.edu/postings/9523>.

UNCG is a minority serving institution with a majority female student body. The Department of Mathematics and Statistics is committed to increasing the diversity of our faculty and strongly encourages applications from women, underrepresented minorities, individuals with disabilities, and veterans.
